LOW FAT **REDUCED CALORIE** **LOW SODIUM**

COCONUT PUDDING DESSERT MIX

REORDER 520083

Our puddings are not only reduced calorie, but since no salt is added, they can be used for sodium-controlled diets.

Many other diet puddings on the market require the addition of milk. This raises the calorie count 30% to 40% higher than the calorie count of **Calorie Control® Puddings**. **Calorie Control® Puddings** require only the addition of water.

With our **Calorie Control® Whipped Topping** to the line, here is an opportunity to serve an especially eye-appealing dessert - a delicious low-fat, reduced calorie pudding topped with a sugar-free but sugar-sweet whipped topping. - *a delicious combination.*

Calorie Control® Puddings topped with **Calorie Control® Whipped Topping** are not only attractive to the eye and delightful to the taste for patients in health care and retirement establishments, but provide the perfect dessert for use in restaurants, hotels, employee feeding, etc., where more people are counting calories everyday.

Gluten Free

YIELD PER CASE: 312 - ½ cup servings
