LOW SODIUM BEEF SOUP BASE

REORDER 108025

When *Bernard Food Industries, Inc.* commenced business on December 18, 1947, its first two items were **Low Sodium Chicken Soup Base** and **Low Sodium Beef Soup Base**. These first two low sodium products became the forerunner of many more dietary foods that followed.

With the availability of certain natural flavors, we have formulated our **Low Sodium Chicken Soup Base** and **Low Sodium Beef Soup Base**, so that they not only taste better than our previous products, but the yield is now almost **double**, resulting in a tremendous cost saving.

Also, instead of the previous three different sizes of each type of **Low Sodium Base**, we can now offer a convenient single size that will make from on (1) gallon to six (6) gallons.

Our **Bases** can be used as a flavoring agent for gravies, sauces and stews. In addition to making a delicious low sodium soup, variety can be achieved by adding vegetables and meats of your choice.
